peace  
ON EARTH

Fancy some peace and quiet this Christmas? You might not get much if there are children around, but their excitement and joy will soon make up for the noise.

The Christmas carol Hark the Herald Angels Sing contains that potent phrase 'peace on earth'. It's something the angels sang at the time of Jesus' birth that still resonates with us today.

While war and conflict are sadly still part of life around the world, Jesus came to bring peace between God and the human race – a peace that lasts forever.

Peace with God is the greatest gift we can know, so do join us at one of our services this year. We'd love to see you.
