# God's love

the heart of  
Christ  
mas

**M**ention Christmas and people come up with a range of different responses: “it’s for the children”, “it’s getting the family together”, even “it’s an expensive time with a lot of cooking – I’ll be glad when it’s over!”

It’s easy to let all the practical details of present buying, food shopping and entertaining take over. But at the heart of Christmas is a love story – God’s love for every man, woman, and child on planet earth.

When the food has been eaten, the presents unwrapped and all the guests have gone, that love still remains. Find out more about the love at the heart of Christmas at one of our celebrations – you’ll be very welcome.

Love**
