SON
OF GOD:
LOVE'S
PURE
LIGHT

*Silent night, holy night
Son of God, love's pure light*

It's a familiar Christmas carol to some of us, conjuring up images of school choirs, flickering candles and a quietness we rarely experience.

Maybe your Christmas is a long way from this kind of thing. But you sense there is something precious and worth encountering away from the shop window displays, pantos and commercial hurly burly.

God's love for each of us is pure and strong, encapsulated in the birth of Jesus 'to redeem us all'. We'll be celebrating this amazing event and exploring what it means for us today – why not join us this year and experience the real heart of Christmas?
